AUBURN PRODUCT NEWS

Auburn Manufacturing Company 29 Stack Street, Middletown, CT 06457 Customer Service: (800) 427-5387 Tel: (860) 346-6677 Fax: (860) 346-1334 website: www.auburn-mfg.com < Click Link to Learn More e-mail: info@auburn-mfg.com

SAE F-10 WOOL FELT (Typical Properties)

F-10 Felt is used for fluid storage seals, gaskets, grommets, journal lubricators, plug filters, spacers, bushings, and washers. **F-10 Felt** is 95% wool, light in weight, and easy to die-cut into specific shapes. **F-10 Felt** readily accepts pressure-sensitive adhesive. Sheets or rolls, in addition to die-cut parts, are available either plain or with an adhesive-backing applied to one or both sides. **F-10 Felt** can be supplied in any thickness between 1/64" to 4.00". **F-10 Felt's** standard color is white.
