2 MIL (50µm) KAPTON "HN" FROM AUBURN

DESCRIPTION

Kapton® Type "HN" film from Dupont is a general-purpose polyimide film that has been used successfully in applications at temperatures as low as -462°F (-269°C) and as high as 752°F (400°C). Kapton® "HN", with a UL94V-0 listing, is an ideal choice for applications that require an all-polyimide film with an excellent balance of properties over a wide range of temperatures. Kapton® "HN" film is perfect for gaskets, seals, and insulators and is easy to diecut, punch, score, bend, fold, laminate, slit or affix with adhesive. The UL file number for Kapton® is available upon request.

Potential applications:

Die Cut Gaskets
Cushions, Pads & Bumpers
Insulation Parts
Tapes & Roll Goods
Adhesive Backed Gaskets
Pressure Sensitive Tapes
UL-Rated Insulators
Heat Resistant Gasket Material

PRODUCT SPECIFICATIONS

Kapton® "HN" is manufactured, slit and packaged according to the product specification listed in H-38479, Bulletin GS-96-7.
